Guest House

History

Anglican Church of Kenya Guest House formerly CMS Guest House was used to provide accommodation to missionaries from up country stations. Wilbughby Carey's house stood at the present site of the Guest House and his old mabati house had to be demolished for the present house to be built. After the inauguration of the Province in 1970, the house took on the name C.P.K instead of C.M.S. and in 1998 February after a vote by the Provincial Synod the Church took on the name Anglican Church of Kenya.
